

OPEN SOURCE DRM PUBLIC POLICY ISSUES

Gilles Gravier

Chief Technology Strategist for Security
Sun Microsystems – Strategic Insight Office

About This Session

- (Really) Short Picture
- Open Panel Discussion

Looking at International Issues

- The USA Situation
 - > Susan Landau
- The EMEA Situation
 - > Gilles Gravier

A USA Perspective

- Susan Landau

A European Perspective

- EC Recommendations vs. Country implementations
 - > Private copy
- Tracking the usage vs. Privacy concerns
 - > How to implement identity based DRM
- Push for levies
 - > Does it solve everything? Does it solve anything?

A European Perspective

- DRM vs. Open Source
 - > P2P file sharing issues
 - > French debate on DADVSI
 - > Votes yesterday
 - Authors of P2P sharing software can be sued
 - DRM mandatory in P2P sharing software

Open Panel Discussion

- Susan Landau + Gilles Gravier
- Some ideas to start with :
 - > What are we missing?
 - > Where do we need to push to change things?
 - > Initiatives we should be involved in?
